

## Henry Horton State Park

Henry Horton is a 1,140-acre state park with four hiking trails, featuring an array of wildlife such as turkey, deer, rabbits, hawks, various birds and insects, reptiles and many kinds of wildflowers. Centered along the banks of the duck river, the park is a great place to swim, canoe, fish and observe aquatic wildlife. The park features an Olympic-sized pool, newly remodeled tennis and basketball courts, a frisbee golf course, and multiple baseball fields and playgrounds. Henry Horton State Park also is well known for its championship 18-hole golf course, inn and cabins, on site restaurant, campgrounds and trap and skeet range. A variety of entertaining programs are seasonally conducted by the park rangers which are historical, educational, and always fun!
